General Information

Short summary

The Latvian company provides a complete production cycle - from raw materials to finished products. The main objective is to provide customers with corrugated cardboard products that meet each customers and technical requirements.

Full description

The Latvian company has been operating in the corrugated cardboard industry since 2009. The company currently employs more than 20 professional employees, who ensure professional and fast order processing and execution based on their professional experience and the company's technical capabilities.

The company produces the following products:

- *Corrugated cardboard and its sheets;
- *Corrugated cardboard boxes (various shapes, types, and sizes).

Cardboard can be printed in up to five different colors. The products can be used for the transportation and storage of food and non-food products. The company also offers non-standard solutions that will be tailored to the current needs of the clients.

The company is looking for a long-term co-operation with clients (from different industries) that are in need or would like to order any type of cardboard packaging under commercial agreement.

Advantages and innovations
